2023 COMPETITION RULES

Please note that artists entered in the Individual Division (ages 16+) may not have any assistance with their piece. Team Division is limited to 2-4 people, and Student Division artists must be between 12-15 years of age with a parent/guardian present during work hours. If these guidelines are not followed, the artist(s) may be disqualified from the competition.

SPACE ASSIGNMENTS

Space location assignments will be first-come, first-serve. We will not be accepting requests for space assignments, unless there is a handicap accommodation needed.

Be mindful & respectful of your neighbors. Please do not step into the spaces around you, as it will affect your fellow artist. If you have handicap accessibility issues regarding your space, please contact the Special Events Manager, Kami Catania prior to the start of the festival.

ARTIST WORK HOURS

Artists must work on their drawings during the approved work hours, but are not required to work for the entire duration of the festival. The unique draw of attendees to the Festival is based on our guests' ability to see the artists in action. Artists may NOT work on their art outside of these Artist Work Hours.

We highly recommend you provide a finished mock-up of your piece, and tape it to the bottom corner of your assigned space. This lets our attendees see the finished work, while it's all coming together! If you need to print a colored mock up, please visit the Atlantis Business center for assistance.

Artist Work Hours are defined as:

Friday, August 25 – 8AM to 10PM
Saturday, August 26 – 8AM to 10PM
Sunday, August 27 – 8AM to 12PM

Your work must be completed by 12PM on Sunday, August 27th. Judging for each of the art categories begins at 12PM on Sunday, August 27th and concludes at 1PM. The Awards Presentation will take place on stage at 1PM. Please report to the stage no later than 12:45PM.

RENO CHALK ART & MUSIC FESTIVAL

INFO REGARDING TEMPERA PAINT USAGE

Artists can use watered-down tempera (as a background only). This is like priming your canvas in prep for your chalk drawing. Please make sure all paint containers have lids and that used brushes are not left lying around. There is no on-site place to clean out used brushes, please bag them and clean at home.

Please note: If you do not use tempera paint properly and it damages Atlantis property, you will be held liable for the repairs.

- Tempera paint is a temporary paint, unlike acrylic. Acrylic paint is NOT allowed, nor any mixture containing acrylic paint.
- There is not a set mixture ratio of tempera paint to water as differing brands vary a great deal in how much pigment they contain. Generally, tempera paints sold for artists rather than kids contain more pigment and can be thinned down more with water. Some kid's tempera paint can only take a little water.
- Thinning ratios also vary due to the color you are using - reds, yellows and oranges are done with transparent pigments so even higher quality tempera paint cannot be thinned very much. Blacks, whites and browns tend to be the most opaque.
- Tempera paint is not applied thickly or in multiple coats. It normally needs to be thinned down to a level where it will cover the asphalt or cement in one coat without becoming transparent, but at the thinnest layer possible to do so. Thick paint is soft, even when dried, and difficult to paint on. It also makes the most mess if the painting ends up getting rained on, bleeding out the furthest into other paintings. The goal is to coat the surface just enough to help boost your color coverage and make the surface more receptive to the pastels, but still retain the "tooth" or texture of the underlying ground surface.

PHOTOS

Atlantis will be taking photos of all artists' works at the event for future promotional use of the event. By participating in the event, you, the artist agree to the use of your art and your likeness for these purposes.
